Dear Ms. Savage,

It is our pleasure to write this endorsement letter for SnapSports. We had a tremendously positive experience with SnapSports, both the company and the product, during our 2012 National Collegiate Roller Hockey Championships which were held at the Utah Olympic Oval in Kearns, UT in April of 2012. Our agreement with SnapSports included use of two floors and assistance in installation in the facility, which needed two Olympic sized hockey rinks covered with tile for the event. The professionalism of the company and its staff was excellent, and the floor performed above our expectations. What you are probably not aware of is that our 2013 event was held in a facility in Florida that has a different SnapSports product installed permanently on one of its rinks, and we were again very pleased with the performance of the floor tiles. Additionally, we are going to be using the same facility for our 2017 championships as well and have no reservations about utilizing the rink with the SnapSports tile again. Finally, we would be interested in partnering with SnapSports again in the future should the need arise. We highly recommend both the company and the product. Please feel free to contact me if you need any further feedback.

Regards,
Rob Coggin
